

Services Done Today...

◇ Fertilizer Application

We applied a granular fertilizer that promotes greening and thick healthy top growth, while also encouraging development of deep root growth. For optimum results, do **NOT** water or mow for 24 hours.

◇ Broadleaf Weeds

We spot-treated for broadleaf weeds. Watch them for twisting and curling over the next week. For the best results, do **NOT** water or mow for at least 24 hours.

◇ Grub Protection

We applied a granular product that will help control these pests. For best results, please wait 24 hours and then water the lawn.

◇ Crab Grass Treatment

We applied a liquid application that will take up to 5 days to be in full affect. For best results, do **NOT** water for 24 hours or mow for 3 days.

◇ Fungicide Treatment

We applied a liquid application that will help contain the fungus. Please do **NOT** water for at least 24 hours.

◇ Tree & Shrub Fertilization

We applied a deep root application to your trees & shrubs that promotes healthy development & growth.
